Description

Authentic and well preserved original hacienda from the XVIII th century 45 minutes away on the south from Seville.

It has been recently exploited as a rural hotel with considerable success especially thanks to its ideal location and natural environment.

It has great stables and boxes for horses, riding and the best walks imaginable in the countryside.

The house is old and traditional: original centuries old griddles, original Arabic tiles, paved patios … everything is old and well preserved.

The garden is very nice and being on a high position, the house has great views and benefits from the Atlantic breeze …

It is between Seville and Ronda, in the beautiful Seville countryside and the wonderful mountains of Ronda.

Good state of preservation.
