Description

This is a house that was once the residence of one of the important families of Ecija.

Unfortunately it has been closed for a long time and the passage of time has greatly damaged it.

It’s large, on a 1,240 sq m plot.

It has several patios, garages, etc…

It is located in the heart of Ecija, in a privileged location and has great potential once restored.

There is a project to turn this house into a hotel.
