Description

This is an unpretentious town house, discreet on the outside and charming inside.

Its owners, a young couple, fixed it with great excitement and enthusiasm using original timbers, ancient terracotta floors, hydraulic floors, reclaimed doors …

The result is a house of a very reasonable size with everything you need.

On the ground floor there is a sitting room with dining room with fireplace and a nice

kitchen.

The bedrooms and bathrooms are upstairs and an access to a nice terrace from which you can enjoy the view of the vega of Carmona and the steeples of its churches.
