Description

This property is located in Benalmadena (Costa del Sol) in a very quiet hill and with fantastic views over the Mediterranean sea and Fuengirola's bay.

The plot is quite large, about 5,447 sq m. It has two entrances for cars.

The water supply comes from the Municipal Network (drinking water) and there is a well located inside the Villa. This facility is completed with a tank and a pressure group.

The plot is divided into two zones: one in the West, in the highest part , which is intended for Garden , Patios , Decks, Porches and access , another to the east in the lower part for planting fruit (avocados) and garden shed with service and cistern .

This plot has enough surface to install a paddle or a tennis court!.

It has a terrace overlooking the pool. There is a Patio with a Barbecue under a porch, a Mill corner, Fuentecilla corne and other spots allow you to create different atmospheres .

In the Garden you find lovely Palms (Phoenix and Washintonias), Ficus, and a centenary Algarrobo . A hedge of cypress tree to the west and east, give an air of privacy to the garden areas , pool and barbecue .

Distributed in three levels, the house has its entrance on the mid level on the west , through a wide wooden gate and Patio Porch at the front door that gives privacy; wooden dogs and two cast iron columns (S. XVIII and XIX) support the joist and protect the main door of the early twentieth century , Sevillian design, made of wood with two blades and wicket .

The Lobby, is fram d by a SXIX gate in wood and wrought iron that gives access to the garden. To the we find a large kitchen-dining room with a glazed veranda overlooking the Garden and the Sea To the left a flight of steps lead to the Lower Level where the Lounge – Dining Room with Library are located in Mezzanine , made of wood, a Bar- Office, and a dressing room leading to the master bedroom with bathroom , also in wood , and to an adjoining roomis in the Basement , which in turn communicates with the winery .

The winery also has access from the garden and with the Hall , one of the most unique areas of the house .

The higher level is reached by a staircase of two sections serving as central core distribute. Over it we find a a brick vault.

At this level there are two bedrooms with a shared bathroom.

In the bedroom further west is the Balcon de la Torre and the other a bay window with grinds of the same period as the gate of the Hall.

In view of the details made inside and the value the antiquity of many of its pieces , it can qualify as a House ” Boutique ” noting its originality and uniqueness.
