Great opportunity!

This is a great house in the Jewish quarter of Cordoba, three minutes walk from the very Mezquita – Cathedral.

This is a noble house, ita has a large hall followed by a number of courtyards and with garden with a pool and orange trees at the back.

It has garage, chapel, restored antique paneled woodwork on doors really impressive.

It is a perfect property to be used for touristic purposees: its structure with successive courtyards, its size and its location make it an ideal location.

It is worth mentioning the Mudejar capitels on the columns, probably original from nine centuries ago!.

Good state of preservation.
