Description

This is a beautiful newly built cortijo in an olive grove land surrounded by meadows and orchards 40' drive from Seville.

The construction revolves around a paved courtyard and is very well laid out.

It is accessed by a path of palms and oleanders from where you arrive to a beautiful façade inspired by the old haciendas.

When you enter the courtyard at the back there is a second courtyard giving access to the housing.

Left one block with four boxes, tack room and coffered wooden beams and to the right a large shed and a nice office.

The main house has a living room and two bedrooms. There are two more bedrooms at the patio apartment.

The house is in a quiet area, very appropriate to come here and enjoy the countryside and horses along the Camino de Santiago, which passes by the door ...
