Description

This house has a privileged location on top of a hill, which allows you to have the best possible views over the Sierra de Aracena, its mountains and its lake ...

The area cannot be more natural, quieter, more careful. Here everything is perfect, the beautiful cork oaks that flank the roads, the stone walls with the moss over the years, the grazing cows, the Iberian pigs in montanera ensuring a promise of gastronomic pleasure ...

In this environment is this house built on a large esplanade, high, overlooking the four cardinal points.

It was functioning as a luxury country hotel for a while. Now it is the residence of a family that enjoys its comforts.

When you access the site you will find a large esplanade with facilities to park several cars. The house is accessed through a hall that gives access to large areas such as the living room, with fireplace and large window, the dining room, a perfectly equipped kitchen .. Upstairs, bedrooms with their bathrooms, downstairs, a large space diaphanous for parties and events ...

It should be noted the magnificent porch porch that gives access to an absolutely relaxing overflowing pool.

In the area you can access the adjacent farms and even navigate through the nearby swamp.

In short, a large house, spacious, well equipped, with tremendous views and enjoy its natural environment.
